## A club for every occasion

Alcázar  
 One of the most highly rated members' clubs in Spain

Private members' clubs are often viewed as places of privilege and exclusivity, catering to just a small, select group of people. And yet, membership isn't just about exclusivity; it's also about offering more than just a membership card. It's about offering a lifestyle, a way of life, a place where you can relax and unwind, a place where you can meet and greet, a place where you can be part of something special. Alcázar is a prime example of this, offering a unique and exclusive experience to its members.

Alcázar Club, the restaurant

Los clubes privados son lugares de elite, asociados al privilegio y la exclusividad, sólo para un pequeño grupo de personas. Sin embargo, no se trata sólo de exclusividad, sino también de ofrecer más que un simple carnet de membresía. Se trata de ofrecer un estilo de vida, un lugar donde relajarse y desconectar, un lugar donde conocer y ser conocido, un lugar donde ser parte de algo especial. Alcázar es un ejemplo perfecto de esto, ofreciendo una experiencia única y exclusiva a sus miembros.

### Casino De Madrid

In 1876 a group of 13 friends decided to find a location where they could meet to play and share economic activities and investments. The adjacent area of the building with the highest architectural and historical value in Madrid, the Casino offers its members a variety of services, facilities and privileges, more complete than those offered by other exclusive clubs. As a member you can enjoy the atmosphere of the Royal Hall, the magnificence of the library, Gothic Library, the Courtyard's flower fountain, a variety of bars and restaurants, the private car, and the splendid wellness, golf and fitness areas. Although this club is mainly for members, they are allowed access to non-members to dine at their two exclusive two Michelin-star restaurants, La Terraza.

### Marbella Club Hotel, Golf Resort & Spa

Back in 1960, Prince Alfonso de Habsburgo-Lorenaberg acquired the estate in Marbella, an estate with 1,000 acres and a country house which he converted into his private residence. Each year by its atmosphere, he decided to refashion it into a hotel, and today this beautiful boutique resort is as trendy as it ever was when it first opened in 1960. All of the 37 guest rooms and 70 elegant suites are gracefully decorated and are not to miss any luxury touches. Highlights include the Thalassio spa, with a saltwater pool, steam bath, massage and 12 treatment rooms. An 18-hole golf course designed by Dave Thomas is also on the grounds, with government-run courses and many green fees for hotel guests. As the resort is a family destination, children are well looked after in the 3,000sqm water play club.

Be it the beach, the legendary club and even the horse club, there is something for everyone. High society, international jet-setters, royals, dignitaries, celebrities and sports lovers. Be it your own private jet or a hot air balloon, there is no doubt that the venue will remain the epitome of luxury for many years to come.

### Gaylin

Chief Javier Aranzab, a third-generation serious chef, trained with some of the most prominent chefs throughout Spain and was awarded his first Michelin star at the age of 20. Born with culinary and managerial ambition, Gaylin is a tribute to his team motto and a nod to his grandfather Pedro who inspired him to become a chef in the first place. With a few more than half a dozen tables, elegantly placed around the kitchen, guests can fully enjoy a true culinary experience without having anything still on their conscience to be right before them.

El chef Javier Aranzab, tercero de la tercera generación, se formó con algunos de los mejores chefs de España y ganó su primer estrella Michelin a la edad de 20 años. Gaylin nació con ambición culinaria y empresarial, es un tributo a su equipo y un guiño a su abuelo Pedro quien le inspiró a convertirse en chef. Con poco más de medio docena de mesas rodeadas por la cocina, los huéspedes pueden disfrutar de una verdadera experiencia culinaria sin nada que les preocupe todavía en su conciencia justo antes de salir de allí.

### /M (Barra Erse)

We were so enamored with this concept that we had to include a second restaurant created by Chef Oscar Matyjaski. /M is a modern venue that blends Latin American street food with innovative Mexican cuisine. It's an unforgettable gastronomic experience that allows guests to socialize all in one large table, seating up to 30 people with two chef's nooks right before their eyes.

Este espacio nos fascinó tanto que tuvimos que incluir un segundo restaurante creado por el chef Oscar Matyjaski. /M es un nuevo concepto que mezcla la comida callejera latinoamericana y cocina mexicana innovadora. Es una experiencia gastronómica que permite a los huéspedes socializar en una gran mesa compartida para 30 personas, y disfrutar de dos cocinas abiertas.

**LEADER RECOMMENDS:** Thai Chicken & Chicken Salad
